Thanks Gary. Our finance system is showing only \$6,988.05 in expenditures from the original \$24,822 that was issued to the USACE for San Jacinto and no expenditures from the additional \$223,900 that was issued. There seems to be a problem with the USACE getting these funds set up in their system so that bills can be processed. Hopefully Paul can get this resolved.

Hi Gary,

I talked to Paul, and he did send a message to the budget/resource office inquiring about the status of the Nov bills after the three of us talked a few weeks ago. He has not received a reply yet. He said he would check with them again today. I will let you know what he finds out.

Earl
